[illegible]

A diagram of a 1D lattice chain with 4 sites and 2 particles. The lattice is represented by a horizontal row of 4 squares. The first square contains a black dot, and the second square contains a white dot. The third square is empty. The fourth square contains a black dot. The labels 'Nerve ending' and 'Cortex' are placed below the first and fourth squares, respectively. The number '4' is placed below the second square, and '(2)' is placed below the third square.
